EXCELLENT ARTICLES ON MOTORCYCLE SAFETY

The safety message for us this month was “DON’T TRUST ANYONE”. Distracted drivers are becoming more of a problem to motorcyclists. The center line is NOT a jersey barrier and you need to give yourself stagger time and you need room to maneuver.

There is an Informative article on “Aging” that can be found on the website. Exercise, sleep, making your bike comfortable and recognizing changes in yourself helps you adapt and improve your skills.

PRACTICE, PRACTICE, PRACTICE IS NEEDED TO RIDE SAFE.

Members should continue to take MFS Riding Courses.
