Navigation ride - supposed to be no Ride Captains leading - go at your own pace and stop when and where you want to. Group was not interested in leading their own way and were content to let Roy/Paula lead/sweep and set the pace. NOTE: The club mbrs do not seem interested in "nav" rides per se as this was the 2nd one we tried this year (only one rider (of 5) came prepared to follow the directions provided ahead of time). The festival has lots of vendors and the ride down is pretty good - mix of back roads and 4 lane.

I'll do it again in 6 months 1 year 2 years 3 years Never!
